BacPac Element

15.0" - 15.4"

All-purpose Notebook backpack with rain protection

BacPac Element reliably protects your mobile computing equipment in wind and weather. Special feature: the rain cape, which is located in the front pocket, makes for perfect protection from moisture. The water-repellent cover is simply pulled over the backpack! The Notebook is located perfectly safe in the detachable Notebook sleeve that is integrated in the main compartment. Depending on the situation, it can simply be removed, allowing for other use of the backpack! The main compartment furthermore offers additional storage room for documents as well as special pockets for glasses, wallets and such. The adress tag prevents luggage mix-ups. The attached front pockets with the integrated workstation not only hold the rain cover, but also have plenty of room for mobile equipment such as pens and such. iPods, cell phones or PDAs are safe in the detachable multimedia pocket located on the carry strap and in the mesh pockets on the side small utilities are always ready-to-hand. The adjustable and padded shoulder straps with the integrated chest strap as well as the breathable back padding relieve the back and make for perfect transportation comfort.
BacPac Element is available in the colors black, olive green and blue.
